Past Events:  
 August 17  
 Cedar Valley High School  
 Grand Opening

Upcoming Events:  
 August 26th  
 Fall 2019 Semester Starts  
 September 11-15  
 Reno Air Races

### WAI Club

SUU T-Birds chapter of Women in Aviation will be participating in the SUU Paint the Town Red annual event on campus. We will have a booth set up, so be sure to stop by and visit us on August 30. We would love to chat with you.

It's that time of year again - scholarship season! This year WAI will award over 100 different scholarships to applicants. Scholarships include aviation degrees, flight training, aviation maintenance, tools for aircraft maintenance, and more. Scholarships are due November 12. Don't be shy about applying for a WAI scholarship as we have had several scholarships awarded to our SUU T-Bird WAI members.

Find us on Facebook Groups at Women In Aviation SUU Chapter!

### Safety

We are looking forward to a very busy fall semester. We are excited to meet all of the new students. Due to how much busier we will be, there will be a major increase in flight activity this semester. Make sure you slow down, follow checklists and avoid distractions. Keep a good scan for other traffic both on the ground and in the air. Fly safe, work hard and have fun.

## AUGUST 2019

### Maintenance Technician Degree Update

The electrical trainers for the AMT courses should arrive any day. This state of the art system will allow the most advanced electrical and electronics training available. The Nida systems are used by all branches of the US military and hundreds of foreign militaries and training groups.

### Veterans Affairs

Congratulations to the Military-Connected Student of the Month,

**Matthew Bischoff:**  
[www.suu.edu/veteransaffairs/student-of-the-month.html](http://www.suu.edu/veteransaffairs/student-of-the-month.html)

Our Veteran Orientation is August 22nd 9-3 in the Student Services Theater.

### Academic Advising

Please double check your schedules to be sure you're ready for the FALL 2019 semester.

Email me with basic questions or schedule appointments through LINK.

Enjoy your break!

### Rotor Wing

SUU Aviation is now offering Concurrent Enrollment Courses to high school students. There will be four online courses available:

- Aviation Orientation
- Air Transportation
- Aircraft Systems
- Aviation Meteorology

Two in-person classes, Private Pilot Ground School and Aerodynamics will be offered in Iron, Washington and Beaver Counties.

We are excited to help the future pilots of tomorrow and get them started as early as their sophomore year in high school. This is an amazing opportunity that I wish I had when I was in high school. Let us know if your high school would be interested in offering these classes.

### Fixed Wing

A huge welcome to new students! Study hard and be safe!
