11:00 Released

GUIDELINES:

We want everyone to enjoy their time at SUU and we ask that all who attend a Red Riot observe the following guidelines.

- Once you check in and have been assigned a host, you cannot leave the event until it ends on Saturday. We understand that there may be extenuating circumstances that might require you to leave. If that is the case, your parents will be contacted before you are allowed to leave. This insures your safety and abides by University policy.
- You are to stay with your host the entire time you are on our campus.
- We have a zero tolerance policy for drugs and/or alcohol use (No Vapor Pens).
 - Once you have retired for the evening and go to your hosts' home, you are to stay in that location for the remainder of the night.
- Bullying will not be tolerated. If you are being bullied, let event organizers know immediately.
- Parents are welcome to attend the Opening Session and Parent Info Session and Campus Tour. The remainder of the Red Riot is for students only.
